University:

SAA Pillar:  Advocacy  Education  Fundraising  Humanitarian  Social  Other

Activity Name:

### Activity Purpose:

1. To create a situation where university students can meet and network with local audiologists.  
2. To raise funds for the local SAA chapter (either for a specific cause or for the general fund).

### Activity Description:

This event is a great way to combine a fundraising opportunity with an event for students to get face-to-face time with local audiologists in a fun and casual environment. Find a local coffee shop or brewery that will give you a cut of their proceeds for a given period of time (5-8pm, for example) and that can accommodate as many people as you expect to attend. Contact your state's audiology association and send flyers out to audiologists. If needed, set up an online RSVP to get the number of expected attendees. At the event, encourage students and professionals to introduce themselves to each other.

Dates:  How Far In Advance Did You Prepare:

Recommended # of Participants:  Activity Location:

### Important Contacts or Resources:

A local business to host your event.  
A contact at state audiology association to get the word out to local professionals.

### Tips:

Try to schedule the event for the same time/area as one of your state audiology association's conference to get the most audiologists to attend.
